

MEGAPHOS

Plus 5% Urea

**40, 100 &
1000kg**

A multi-nutrient supplement high in phosphorus to optimise fertility, milk production, bone strength and live weight gains

TYPICAL ANALYSIS

Urea	5%
Total Protein Equivalents	14%
Molasses	Min. 42.4%
Salt (NaCl)	2.5%

MACRO INGREDIENTS

Calcium (Ca)	8.5%
Phosphorus (P)	6%
Sulphur (S)	1.5%
Magnesium (Mg)	4%

FOR ANIMAL TREATMENT ONLY.

**THIS PRODUCT DOES NOT CONTAIN
RESTRICTED ANIMAL MATERIAL.**

Available in 40,
100 & 1000kg
blocks

An animal's phosphorus requirement is directly related to the potential level of production. On abundant, high quality feed rapidly growing calves and lactating cattle have the greatest requirement for phosphorus, while dry stock on survival rations have the least. Cattle and sheep can compensate for short periods for a dietary deficiency of phosphorus by mobilizing it from their bones. If a deficiency continues, appetite is depressed.

Olsson's MEGAPHOS offers your herd the required available phosphorus to combat phosphorus deficiency. A Molasses based block with the addition of 5% urea for additional protein.

DIRECTIONS FOR USE

Feeding Instructions:

Use in accordance with the Olsson Free Choice System.

Sheep/Goats: 5-10g per head per day

Cattle: 50-100g per head per day

Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

Place out sufficient blocks to avoid overcrowding of stock. Replace blocks when consumed.

Avoid contact with skin and eyes.

Warning: Products containing urea can be toxic to livestock. Please ensure proper farm management practices are employed.

Storage Instructions:

Store out of direct sunlight and under cover. Edible carton and packaging.
