

# TRACE ELEMENT NORTHERN

With Copper & Cobalt

**20, 40 &  
100kg**

A supplement designed specifically for northern pastures to combat deficiencies in trace elements.

## TYPICAL ANALYSIS

Molasses	5%
Salt (NaCl)	82%

### MACRO INGREDIENTS

Calcium (Ca)	1%
Phosphorus (P)	1%
Sulphur (S)	0.8%
Magnesium (Mg)	0.02%

### MICRO INGREDIENTS

Copper (Cu)	1000mg/kg
Cobalt (Co)	65mg/kg
Ferrous Iron (Fe++)	1350mg/kg
Iodine (I)	500mg/kg
Selenium (Se)	26mg/kg
Iron (Fe)	650mg/kg
Zinc (Zn)	300mg/kg

**FOR ANIMAL TREATMENT ONLY.**

**THIS PRODUCT DOES NOT CONTAIN  
RESTRICTED ANIMAL MATERIAL.**

Olsson's Trace Element Northern is a macro mineral supplement specifically designed for northern pastures to combat a broad range of mineral deficiencies.

The effect of balancing these essential elements is the efficient breakdown of feed consumed by the animal. A deficiency in trace elements will have a varied effect on an animal. Deficiencies in copper, iron, cobalt, iodine & selenium can reduce the animal's growth and reproduction rates, and result in less efficient feed conversion and depressed immunity. Balancing these elements will improve general production of the herd.

Trace Element Northern can be used year round and fed on an ad lib basis.

## DIRECTIONS FOR USE

### Feeding Instructions:

Use in accordance with the Olsson Free Choice System.

**Sheep/Goats:** 5-10g per head per day

**Cattle:** 50-100g per head per day

Place near water troughs, dams and stock camps. Place out sufficient blocks to avoid overcrowding of stock. Replace blocks immediately when consumed.

Intake is recommendation only. Higher intakes are normally the result of mineral deficiencies.

Avoid contact with skin and eyes.

### Storage Instructions:

Store out of direct sunlight and under cover. Edible carton and packaging.
